SECT I 2742/43 4 NOV 1943 L S LAW

To

Secretary to Government, Law Department,
Bangalore

Sir,

Subject - Opening a canteen to supply cooked food to the Municipal employees at concession rates

I have the honour to state that a philanthropic gentleman of Mysore City has donated Rs 1,200/- expressing his desire to use Rs 100/- per mensem for 12 months for poor feeding and another gentlemen Mr Y Mallikarjune Gowda has donated Rs 150/- for the purpose and both the gentlemen have agreed to allow the amount to be utilised in any manner - benefitting the poor

As an arrangement already exists in the city for giving cooked food here, to the poor out of the gracious contribution of Rs 2,000/- a month sanctioned by His Highness the Maharaja by which about 1200 to 1400 persons are being given cooked Ragi and Rice every day at the several centres, the opening of any further free feeding centres for the distribution of cooked food, out of private charities is undesirable

In this connection, it may be stated as explained in the note enclosed, that there is a class of poor people who would not like to take cooked food at the free centres but

9

who at the same time are too poor to feed themselves and their children properly and in order to benefit such class of people and as an experimental measure, the enclosed note was placed before the Municipal Council for opening a Canteen for the benefit of the poor employees of the Municipality where cooked food, i e , 'Hulianna', 'Masuranna' and Ragi balls would be made available to registered persons including sweepers and scavengers at concession rates for the present at 2/3 the cost price

It is felt that this would give considerable relief to the poor class of employees in the Municipality and if the scheme succeeds this would be a model for other similar institutions to follow It is expected that the difference in cost to be met, may come to about Rs 300/- and after meeting a certain sum every month out of the donations referred to above, the maximum cost that the Municipality would have to bear may be about Rs 200/- The Municipal Council while thanking the donors approved of the proposals contained in the above note and I enclose herewith ~~with~~ an extract of their resolution for the information of Government

I therefore request you kindly to obtain sanction of Government regarding

i to start a canteen in the Municipality for the benefit of its poor employees drawing a pay below Rs 50 where cooked food will be made available to registered persons at 2/3 of the cost price,

and ii to meet the difference in cost or subsidy utilising 1/12th of the amount donated by the two gen men every month the balance being met out of the Mun pal funds

It may be added that when rationing is introd in the City, to the extent to which cooked food i given to these registered employees the rations w correspondingly cut down

I have the honor to Sir

Subject - Opening a canteen for the benefit of the poor employees of the Municipality

---

Free feeding of the really poor and indigent persons has been arranged out of the gracious contribution of Rs 2000 a month sanctioned by His Highness the Maharaja and at present about 1200 to 1400 persons are being given cooked ragi and rice everyday at the several centres

But this will not by itself help the poor class of officials and others who on account of the high prices, previous commitments etc , may be unable to provide themselves and their families with sufficient amount of food and it is therefore suggested in several quarters that to assist these persons we might open a Canteen where cooked food is made available to the officials in the first instance at concession rates The proposal is to open a Canteen in the Municipal Office for the benefit of the employees of the Municipality drawing a pay of Rs 50/- and below, the supply being limited to those who apply for supply of food from this Canteen After such enquiry as may be necessary in each case the quantity of food to be supplied to them at concession rates may be fixed and cards issued, so that they may be able to obtain from the Canteen the required quantity of food

Such a procedure, it is understood is in vogue already in big factories etc I would therefore suggest the opening of a Canteen in the first instance, for the benefit of the Municipal Employees, cooked 'Hulianna', 'Masuranna' and Ragi Balls of prescribed size or weight being made - available at prices to be fixed, which may be about 3/4 or 2/3 of the actual cost The exact amount of cost will be worked out after the canteen is started

Sanction is therefore solicited to open a Canteen in the Municipal Office employing the necessary cooks etc

13

and to supply cooked food as noted above to the Municipal employees at concession rates

The donors referred to below* have come forward and given money for poor feeding as noted against each and I think a portion of this amount may be utilised meeting the deficit on account of the cooked food being supplied to our sweepers

After all the deficit we have to meet is the difference between our cost and the sale price and if we take that this will be about 30% we may meet a sum of Rs 200/- per month out of Municipal Funds for this purpose, the balance being met from the above and other charities and contributions we may get for this purpose

* Mr Y Mallikarjuna Gowda	Rs 150/-
